

**KEEP INGREDIENTS CO. LTD**

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China

## Beverage Ingredients

### 1. Plant-based & Animal-based Peptides (Over 85% content):

**100% easily soluble + Clear, also could do Neutral taste+Discolored**

### 2. Hydrolyzed Smooth rice protein (80%):

**Partly soluble, and will appear cloudy off-white, seems like "Milk tea"**

**KEEP INGREDIENTS CO. LTD**

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China

**3. Non-dairy Creamer (Type 0 trans fatty acid): White solid powder**

Raw materials: Palm oil or its kernel oil; Vegetable fat; Maltose syrup; Protein;

Applications: Milk tea, Cheese sticks, Milk slices, Milk tea, Coffee, Yogurt powder, Ice cream, Cones, Solid beverages;

R&D: Coffee/Tea/Flavor/Protein Solid powder;

## KEEP INGREDIENTS CO. LTD

### 4. Microcapsule Oil Powders:

**Add the beverages' mellow taste** when easily soluble and **will turn to pure white color**, especially for plant milk usage, can be used in coffee, weight-lost, meal-replacement, sport nutrition, drinks, etc - Non-GMO and safe.

Product Name	Spec.	Description	Package
MCT oil powder	50%,70%	Dietary fiber/ Starch/ Dairy formula	20 kg/carton
Flaxseed oil powder	50%	Starch/Dairy formula,rich in $\alpha$ linolenic acid ( $\Omega$ -3)	20 kg/carton
Perilla oil powder	50%	Starch/Dairy formula,rich in $\alpha$ linolenic acid ( $\Omega$ -3)	20 kg/carton
Sunflower oil powder	50%,70%	Starch/Dairy formula,rich in linoleic acid ( $\Omega$ -6)	20 kg/carton
Borage oil powder	50%	Starch/Dairy formula,rich in linoleic acid ( $\Omega$ -6)	20 kg/carton
Evening primrose oil powder	50%	Starch/Dairy formula,rich in linoleic acid ( $\Omega$ -6)	20 kg/carton
Soybean oil powder	50%	Starch/Dairy formula,rich in linoleic acid ( $\Omega$ -6)	20 kg/carton
Safflower oil powder	50%	Starch/Dairy formula,rich in linoleic acid ( $\Omega$ -6)	20 kg/carton
Olive oil powder	50%	Starch/Dairy formula,rich in oleic acid ( $\Omega$ -9)	20 kg/carton
High oleic acid sunflower oil powder	50%	Starch/Dairy formula,rich in oleic acid ( $\Omega$ -9)	20 kg/carton
Conjugated linoleic acid powder	60%	Triglyceride Fatty Acid,60% min CLA	20 kg/carton
Coconut oil powder	50%,70%	Starch/Dairy formula, Virgin/ Refined coconut oil	20 kg/carton
Other functional oil powder	Customized	Customized product formulas	20 kg/carton

### 5. Bee-products:

Propolis Liquid & Powder;  
 Royal jelly (10-HDA 1.4-2.2), Royal jelly powder (10-HDA 4.0-6.0);  
 Liquid & Creamed Honey;  
 Bee Pollen powders (Rape/Tea/Lotus/Mix...);

**KEEP INGREDIENTS CO. LTD**

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China

**6. Hydrolyzed Wheat Protein 80% - around \$3.2/kg based on qty**

**Outstanding Feature**

- 1 It comes from wheat and has complete nutrition.
- 2 Glutamine content is about 30%, which can promote the growth of intestinal villi and protect gastrointestinal mucosa.
- 3 the flavor is soft and will not bring bad flavor.
- 4 high peptide content(The content of peptide is more than 60%, and the content of small peptide is more than 25%), easy digestion and absorption, and improving human immunity.
5. soluble in water, good stability, not easy to delaminate.
6. here is no bitter peptide produced by hydrolyzed protein, and the flavor is stable. protein  $\geq 80\%$ , moisture  $\leq 8.0\%$ , ash  $< 1.2\%$ , and gray color.

**Can be applied to**

nutritional products (functional food, protein powder, health products, meal replacement powder, energy bar, special medical food, milk beverage, ice cream, yogurt, milk substitute, milk powder), biscuits, seasonings, meat products, biological fermentation sources, butter-scotch soft candy, and can also be used in the pharmaceutical and cosmetic industries. Special weight control: It has been proved that the fiber and protein in cereal can increase the satiety of users, thus helping to control weight. Protein fortifier suitable for athletes to eat and improve endurance. It can be added to dairy products or drinks, which is helpful for the recovery of glycogen in human muscles.

**氨基酸组成 Amino acid profile**

(mg/g powder)	
丙氨酸 Alanine	23.2mg
精氨酸 Arginine	28.2mg
天门冬氨酸 Aspartic acid	25.1mg
半胱氨酸 Cysteine	16.9mg
谷氨酸 Glutamic acid (including glutamine)	291.1mg
甘氨酸 Glycine	27.3mg
组氨酸 Histidine	15.8mg
异亮氨酸 Isoleucine	30.0mg
亮氨酸 Leucine	56.9mg
赖氨酸 Methionine	12.9mg
蛋氨酸 Lysine	14.6mg
苯丙氨酸 Phenylalanine	41.4mg
脯氨酸 Proline	94.6mg
丝氨酸 Serine	49.4mg
苏氨酸 Threonine	19.4mg
色氨酸 Tryptophan	7.0mg
酪氨酸 Tyrosine	25.2mg
缬氨酸 Valine	32mg
支链氨基酸 Branch Chain Amino Acids	125mg

**Chemical 产品: 小麦水解蛋白 Hydrolyzed Wheat Gluten**

蛋白质 Protein(as is) (TN 6.25)	> 80.0%
总氮 Total nitrogen(TN)	> 12.8%
氨基酸态氮 Amino nitrogen	< 0.5%
PH(6% solution)	4.0-6.0
水份 Moisture	< 8.0%
灰分 Ash	< 1.2%
总脂肪 Total fat	< 2.0%
总碳水化合物 Total carbohydrates (calculated)	< 11.7%
谷氨酰胺肽 Peptide bound glutamine	30%
游离谷氨酰胺 Free glutamine	1.2%
粗纤维 Crude fibre	0.2%

**微生物 Microbiological**

菌落总数 Standard plate count	30,000cfu/g max
大肠菌群 Coliform count	10 cfu/g max
酵母和霉菌 Yeast and mould count	500 cfu/g max
大肠杆菌 E.coli	none detected/g
沙门氏菌 Salmonella	none detected/100g

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China

**7. Coffee series:**

Instant powder;

Ground powder;

**8. Syrup:**

Rice Fructose Syrup

Wheat Fructose Syrup

Beet fructose syrup

Rice protein powder

Rice protein peptide

Maltose syrup

Corn Fructose Syrup

... OEM (mixed)

Other related (powder):

Edible glucose; Maltodextrin;

**Packages:**

1). Liquid bag flexi tank, 20-24 cubic meters, Disposable & Safe & Sturdy - 25 tons:

Always export to EU, USA, Asia and you could get it out with Pump when it arrives at your area:

2). 1.4 tons/drum, 18 drums with one 20'FCL - could load 25.2 tons.

Support export, and a most popular one in all of ours.

## Carrot Juice Concentrate

Specification Sheet		Microbiological control(CFU/g)	
Product Name	Carrot Juice Concentrate (100% natural)	Total Germ CFU/ml	≤1000
Plant part	Root	Coliform MPN/100ml	≤3
Color	Fresh Carrot Colour	Yeast/Fungus CFU/ml	≤20
Flavour (6BX)	Typical Flavour of Carrot	Storage	Products sealed, stored at -18°C temperature.
Impurity (6BX)	None	Packing	230kg/Steel drum
Soluble Solids(20°C Refractometric)BX	≥42	Shelf life	24 month
Total Acidity (as Citric Acid %)	0.1-0.6		
Insoluble Solids % (6BX)	≤1.0		
Amino Nitrogen mg/100g	≥110		
PH(@CONCENTRATE)	5.1—6.9
