Premix Nutritional Formula's Production Line Introduction

Our premix production plant is a high-tech production line specializing in the R&D, production, and sales of mineral fortifiers, nutrient premixes, and ingredients for health foods. We have three intelligent production bases and nearly 10,000 square meters of GMP-standardized workshops, providing raw materials and comprehensive nutritional application solutions to globally renowned food, health food, and health industries.

We possess 365°C compounding technology and a professional R&D team, providing precise services to various food industries, including health foods, sports nutrition, milk powder, and special dietary foods. Our products cover the entire industry, and we continuously register compound nutrients for health foods, currently holding over 100 certifications and approvals. Based on our clients' individual needs, we provide precisely targeted, customized, and comprehensive nutritional solutions. We are committed to growing together with our clients and contributing to nutritional health.

Quality traceability safeguards product quality: Based on experience with over 4,000 clients' customized needs and over 1000 mature formulas, we conduct demand-based product design and develop targeted product quality solutions.

Certificates: CNAS, FSSC22000, ISO9001, ISO22000, KOSHER, HALAL;

From raw material intake and production process management to product acceptance and release, the entire process is traceable and precisely controlled:

Stage	Module	Core Actions
Supplier Link	Suppliers	SRM management; Inbound/receipt supervision
Material Prep	Raw Materials	Exclusive inspection management
Material Prep	Auxiliary Materials	Double-person inspection; 3D warehouse (dynamic identification + precision storage)

KEEP INGREDIENTS CO. LTD

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China

Email: info@keepingredients.com Whatsapp: +86 17396654828

Production/Inspection

Inspection

Batch inspection & delivery; Exclusive production (quality/safety traceability)

Sales/Service

Sales

Customer value realization; Efficient sorting/delivery; Whole-company service

Our Technology

KEEP INGREDIENTS CO. LTD

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China
Email: info@keepingredients.com Whatsapp: +86 17396654828

1. Customized Technology:

Core Technologies:

- Purification & Premium Technology
- Activity & Activation Technology
- Ultra-Low Arsenic/Lead Control Technology
- Special Index Customization Technology
- Green Chemistry Application Technology

Solution:

Enables high-purity, high-activity mineral products with arsenic/lead content controlled below 0.02ppm. Supports custom special indexes, ensures green safety, and offers a rich product portfolio to meet diverse market demands.

2. "365" Specific Compounding Technology:

Core Technologies:

- Custom Formula Technology
- Custom Ingredient Combination Technology
- Custom Compound Formula Technology
- Conversion & Absorption Utilization Technology
- "365" Compounding Technology

Solution:

Meets custom needs for different products, solves industry pain points, creates product selling points, and accelerates new product launches. Achieves high stability, solubility, and absorption via multi-material organic combination, while providing one-stop services for differentiated demands.

3. Innovative Formulation Technology

KEEP INGREDIENTS CO. LTD

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China
Email: info@keepingredients.com Whatsapp: +86 17396654828

Core Technologies:

Dilution & Encapsulation Technology
Microcapsule Technology
Microcrystal & Granulation Technology
Emulsification & Formulation Technology
Mineral Lipidization Technology
Enteric Coating & Sustained-Release Technology
Functional Factor & Nutrient Technology

Solution:

Resolves application issues of nutrients in production. Improves material absorbability, taste, flowability, mixing uniformity, processability, suspension, solubility, stability, and targeted nutrient delivery.

4. Production Application Solutions

Innovative Formulated Products:

Dilution & Encapsulation Series, Microcapsule Series, Microcrystal & Granulation Series, Emulsification & Formulation Series, Mineral Lipidization Series, Enteric Coating & Sustained-Release Series, Functional Factor Series

Application Directions:

Tablets, Powders, Capsules, Liquid Products

Services:

Full-process technical services; Application solution expertise; Complete production equipment (wet/dry method, spraying, air suspension, etc.)

5. Technological Empowerment

21 Core Technologies for Deep Nutrient Development:

KEEP INGREDIENTS CO. LTD

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China

Email: info@keepingredients.com Whatsapp: +86 17396654828

Our technical system includes Innovative Formulation Technology, "365" Specific Compounding Technology, Customized Technology, and Novel Plant Nutrition Technology — with 21 core technologies empowering the in-depth development of nutrients.

Product Applications

Life Stages Group	Corresponding Usage
Infant & Toddler	Infant formula complementary nutrition, Infant rice cereal, Infant instant complementary foods
Adolescent	Multivitamin nutritional milk powder, Calcium-iron-zinc oral solution, Gummy candies, Vitamin drinks
Adult	Multivitamin & mineral tablets, B-complex softgels, Electrolyte drinks, Sports nutrition products
Pregnant & Postpartum	Multivitamin folic acid nutritional milk powder, Prenatal/postnatal nutrition packs, Iron-folic acid tablets, High-iron oral solution
Senior	High-calcium milk powder, Protein-calcium supplements, DHA multi-nutrient tablets, Specialty nutritional foods

Product List

Product Suitable Applications	Enhanced Nutrients	Advantages (Synergistic Benefits)
Dietary Supplements	Calcium, magnesium, iron, selenium, manganese Vitamin A, vitamin D, vitamin K, vitamin B1, vitamin B2, vitamin B6, vitamin B12, niacin, folic acid, vitamin C	Synergistic Effects: Vitamin K2 + Vitamin D3 + Calcium + Magnesium: Vitamin K2 activates osteocalcin, assists vitamin D3 and calcium in strengthening bones, and works with magnesium to protect bone marrow and heart health.

KEEP INGREDIENTS CO. LTD

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China

	Coenzyme Q10, melatonin, broken-cell wall Ganoderma lucidum spore powder	Broken-cell Ganoderma lucidum spore powder: Rich in polysaccharides and triterpenoids. Has antioxidant and immune-boosting effects. Also regulates blood lipids, lowers blood sugar, and has anti-tumor effects. Coenzyme Q10: Supplementing with coenzyme Q10 protects the heart, enhances immunity, and relieves fatigue.
Milk Powder Series	Vitamin A, Vitamin D, Vitamin E, Vitamin K, Vitamin B1, Vitamin B2, Vitamin B6, Vitamin B12, Vitamin C, Niacin, Folic Acid, DHA, AA, Taurine, Lutein Calcium, Iron, Zinc, Magnesium Probiotics, Prebiotics, Sialic Acid, Lactoferrin, Yeast Beta-Glucan, Fish Oil Powder	Synergistic Effects: Vitamin A + Lutein + Taurine: These three work together to help maintain vision. DHA+ARA+ Choline: Enhance memory, improve intelligence, and promote brain development. Iron+Calcium+Zinc+Yeast Beta-glucan+ Prebiotics: Improve immunity and maintain gut health. Vitamin C+Vitamin E+ Fish Oil Powder+Taurine+Phosphatidylserine: Strengthen the body and maintain brain health. Vitamin E + Selenium: Synergistic antioxidant effects to combat free radicals.
Special Dietary Supplements	Phosphorus, Calcium, Iron, Zinc, Selenium; Vitamin A, Vitamin D, Vitamin E, Vitamin B1, Vitamin B2, Vitamin B6, Vitamin C, Folic Acid, Niacin, Taurine; L-Carnitine, Creatine, L-Leucine, L-Isoleucine, L-Tylenol, Calcium β -Hydroxy- β -Methylbutyrate, Dietary Fiber, White Kidney Bean Extract, L-Arabinose, Peptides, Medium-Chain Triglycerides	Synergistic Effects: Taurine+B Vitamins+Vitamin C: Reduces post-exercise lactic acid levels, enhances endurance, and delays fatigue; M-Carnitine and Medium-Chain Triglycerides: Burn fat and sculpt a slimmer figure; Calcium, Phosphorus, Iron, Collagen Peptides, and Branched-Chain Amino Acids: Maintain joint health and relieve muscle fatigue.
Beverage Series	Vitamin A, Vitamin D, Vitamin E, Vitamin B1, Vitamin B2, Vitamin B6, Vitamin B12, Vitamin C, Niacin, Folic Acid, Pantothenic Acid, Inositol, Taurine, L-Carnitine Calcium, Iron, Zinc, Magnesium PQQ, Food and Medicinal Herbs, New Food Raw	Synergistic Effects: Vitamin E + Vitamin C + PQQ: Synergistic antioxidant effects, protecting the heart and nervous system. Vitamin B1 + Vitamin B2 + Niacin: Essential components for promoting the body's energy

KEEP INGREDIENTS CO. LTD

No. 2019, Unit 1, Building 10, Yuexiucheng Phase 1, Guodu Xuefu Street, Chang'an District, Xi'an, Shaanxi, 710119, China
 Email: info@keepingredients.com Whatsapp: +86 17396654828

	Materials	metabolism. Haematococcus pluvialis + Taurine + Vitamin A: Promotes brain tissue development, improves visual function, and enhances the body's immunity.
Flour products	Calcium, iron, zinc Vitamin A, vitamin D, vitamin E, vitamin C, vitamin B1, vitamin B2, vitamin B6, vitamin B12, niacin, folic acid, L-lysine	Synergistic Effects: Calcium, Iron, and B vitamins work synergistically to promote nutrient absorption and enhance immunity; L-Lysine: promotes growth and development, increases appetite, reduces illness, and strengthens the body.
Others - Jelly Gel Candy	Iron, Calcium, Zinc Vitamin A, Vitamin D, Vitamin E, Vitamin B1, Vitamin B2, Vitamin B6, Vitamin B12, Vitamin C, Niacin, Pantothenic Acid, Choline, Taurine Gamma-aminobutyric Acid (GABA), Cassia Seed Extract, White Kidney Bean Extract	Synergistic Effects: Vitamin A + Vitamin E + Vitamin C: Synergistically protect liver cells from ethanol oxidative damage. γ -Aminobutyric Acid (GABA): Promotes sleep, delays brain aging, and improves lipid metabolism. Cassia Seed Extract: Lowers LDL cholesterol and triglycerides, and helps increase serum HDL cholesterol levels. White Kidney Bean Extract: Kidney bean protein, as a natural amylase inhibitor, inhibits amylase activity, thus exerting a weight-loss effect.

Current Premix Mature Formulas (Over 200)

Product Details

Tricalcium Phosphate, Sucrose, Corn Oil, Sodium Starch Octenylsuccinate, Silicon Dioxide, Calcium Carbonate, Citric Acid, Sodium Citrate, Microcrystalline Cellulose, Maltodextrin)

Vitamin Premix (Riboflavin, Pyridoxine Hydrochloride, Niacinamide, Folic Acid, D-Pantothenate Calcium, D-Biotin, Thiamine Mononitrate, Cyanocobalamin, Lactose, Calcium Carbonate, Maltodextrin, Citric Acid, Sodium Citrate)

Nutrient Premix (Ferric Pyrophosphate, Zinc Citrate, dl- α -Tocopheryl Acetate, Niacin, Manganese Sulfate, D-Pantothenate Calcium, Thiamine Mononitrate, Pyridoxine Hydrochloride, Riboflavin, Retinyl Acetate, Folic Acid, Sodium Selenite, Fermented Vitamin K2, D-Biotin, Vitamin D3, Cyanocobalamin, Calcium Carbonate, Maltodextrin, Citric Acid, Microcrystalline Cellulose, Sodium Starch Octenylsuccinate, Gum Arabic, Corn Oil, Tricalcium Phosphate, Sodium Citrate)

Mineral Premix (Calcium Carbonate, Magnesium Carbonate, Ferrous Fumarate, Calcium Citrate, Magnesium Carbonate, Zinc Citrate, Manganese Sulfate, Zinc Gluconate, Copper Sulfate)

Vitamin Premix (L-Ascorbic Acid, dl- α -Tocopheryl Acetate, Niacinamide, Retinyl Acetate, Vitamin D3, Cyanocobalamin, Folic Acid, Thiamine Mononitrate, Pyridoxine Hydrochloride, D-Biotin, Riboflavin, Corn Starch)

Vitamin Premix (Thiamine Mononitrate, Riboflavin, Pyridoxine Hydrochloride, Cyanocobalamin, Niacinamide, Folic Acid, Maltodextrin)

Vitamin Premix (Thiamine Mononitrate, Riboflavin, Niacinamide, Pyridoxine Hydrochloride, D-Pantothenate Calcium, Folic Acid, Cyanocobalamin, Maltodextrin)

Vitamin Premix (Thiamine Mononitrate, Riboflavin, Pyridoxine Hydrochloride, Folic Acid, D-Biotin, Niacinamide, Cyanocobalamin, D-Pantothenate Calcium, Maltodextrin)

Mineral Premix (Calcium Carbonate, Magnesium Carbonate, Ferrous Fumarate, Zinc Gluconate, Selenium-Enriched Yeast, Maltodextrin)

Vitamin Premix (β -Carotene, Vitamin D3, Thiamine Hydrochloride, Riboflavin, Niacinamide, D-Pantothenate Calcium, Pyridoxine Hydrochloride, D-Biotin, Folic Acid, Cyanocobalamin, d- α -Tocopheryl Acetate, dl- α -Tocopherol, Sodium L-Ascorbate, Sodium Starch Octenylsuccinate, Edible Corn Starch, Caprylic/Capric Triglycerides, Sucrose, Silicon Dioxide, Calcium Carbonate, Maltodextrin)
